Industry Pharmacists
Organization

STUDENT VISION:

IPhO National Student Members are recognized as the best prepared among all student pharmacists to pursue pharmaceutical industry-focused career opportunities. National Student Members have an excellent working knowledge of common industry pharmacist roles and key pharmaceutical industry driving forces, as well as an understanding of the skills and experiences necessary to become a successful industry pharmacist.

Advocating to Employers the Indispensable Value of Industry Pharmacists

IPhO believes that pharmacists' scientific training, medication expertise, clinical acumen, patient focus, and experience as healthcare providers position them as leading candidates for pharmaceutical industry careers. Industry pharmacists make valuable contributions every day in the development, commercialization, and optimal use of medications.

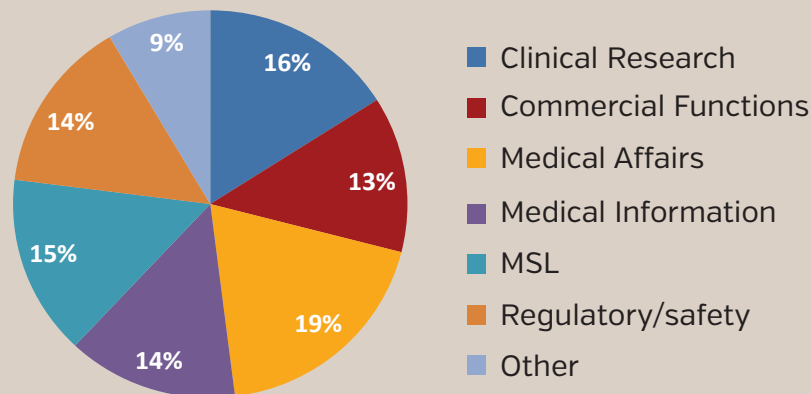

IPhO MISSION

IPhO is dedicated to preparing student pharmacists for a successful and rewarding career in the pharmaceutical/biopharmaceutical industry and enhancing their understanding of industry by:

- Raising awareness about the roles that pharmacists play in industry among peers, faculty, and the provider community
- Providing opportunities to participate in industry-focused professional development programs and scholarly activities
- Fostering connections among student pharmacists, fellows, and industry pharmacists
- Promoting access to industry-focused internships and other experiential opportunities

IPhO PROFESSIONAL DEVELOPMENT

IPhO provides the most comprehensive set of resources for student pharmacists looking to learn more about industry careers.

INDUSTRY PHARMACIST ROLES

Interested in exploring what an industry career could look like for you? This resource helps educate you on the industry opportunities available to you and how you can be successful in each one.

FELLOWMATCH

This innovative platform allows IPhO National Members to apply for postgraduate training opportunities directly through the IPhO website. FellowMatch connects PharmD candidates directly with postdoctoral fellowship opportunities, some of which are exclusive to IPhO.

MIDYEAR PREPARATION TOOLKIT

The Midyear Preparation Toolkit contains all of the resources needed to successfully prepare for this milestone event. It contains the "IPhO Guide to Fellowships at Midyear," a Midyear video series, and a summary of industry pharmacist roles. Plus, you'll get tips for interview preparation, etiquette, and timelines for application.

FELLOWSHIP CATALOG

Get relevant information about all industry-focused post-graduate training programs for pharmacists in the U.S., commonly referred to as "Industry Fellowships." The catalog is now searchable by Host Company, Affiliation, and Fellowship Type! All students, not just those in their final year, should take advantage of this exclusive and valuable resource.

FELLOWSHIP CENTRAL

Fellowship Central contains the latest fellowship recruiting news and events. It connects fellowship programs with qualified candidates to form mutually-beneficial relationships. Candidates are able to share their fellowship interests with Fellowship Sponsors, view/register for upcoming Fellowship Recruiting Events, and view/comment on Fellowship News.

INTERNSHIP CATALOG

This resource contains an extensive list of companies offering summer internship opportunities, including Pharmaceutical Manufacturers, Medical Communications Agencies, Contract Research Organizations, and more. The catalog is sortable and searchable by company name, location, and internship type.
