

Industry Pharmacists Organization

Dear Employer,

Please support your employee by considering the reimbursement of his/her annual membership dues for the Industry Pharmacists Organization (IPhO). Membership in IPhO will directly benefit your organization by promoting the professional growth and development of your employee.

IPhO, designed BY industry-based pharmacists, FOR industry-based pharmacists, is the only professional pharmacy organization dedicated exclusively to meeting the professional needs of pharmacists working in the pharmaceutical industry, including biopharma and related service industries.

The primary goal of IPhO is to help its pharmacist members grow, develop, and advance professionally in their industry-focused careers.

IPhO members enjoy the following benefits and services to help grow their leadership, networking, and communication skills:

- Professional development and training that is targeted and relevant whether a pharmacist is new to the industry, or an experienced professional, or someone in the middle of their career.
- Career advocacy, coaching, and advice from trusted, proven, and experienced industry professionals to help industry pharmacists achieve the highest degree of success in their careers
- Opportunities to share and network with other IPhO members online and via live events

Thank you very much for your consideration of this important request from your pharmacist employee!

Sincerely,

James G. Alexander, PharmD
Executive Director and Founder
Industry Pharmacists Organization
